The Stohr Family

After our kids stopped eating bread because they missed the “crunch,” we introduced them to crunchy Swiss breads and rolls. Helene & Thomas continue this tradition in our stores, where our credo is: No additives or artificial ingredients. All hand made. And each product you buy was baked that morning.

Our Green Mission

Everything we do has to be “grandchild-sustainable,” meaning everything has to have a positive — or no — impact on our grandchildren’s environment. If you have a swissbakers shopping bag, you’ll get a free item of the day with each purchase of \$9.00 or more. We recycle and we buy mainly local.
